

## Barking baking challenge

Bake your pooch a tasty homemade treat

### PEANUT BUTTER COOKIES

You will need:

1 very ripe banana

Natural peanut butter

(100% peanut butter - mustn't contain Xylitol, added oils, sugars, preservatives, or flavouring)

Gluten-free rolled oats, or you can use oat flour instead

Mix all the ingredients together in a large mixing bowl until you have a workable pliable dough. Depending on the size of your banana, you may need to add a teaspoon or two extra peanut butter to add more moisture.

Roll the dough out on a floured surface or a large sheet of baking paper to about 6mm (1/4 inch) thick and cut out using a cutter.

Place them on some baking parchment on a baking tray in a moderate oven (180°C, 350°F or gas mark 4) for 15 minutes - until they are golden underneath.

Leave to cool a little on the tray, before moving to a rack to completely cool - they will be soft at first but harden as they cool. They keep in an airtight container for up to 2 weeks.

# Canine Checklist Challenge

## RESCUE'S FAVOURITE LIVER CAKE

You will need:

1 pack of liver

(any variety, about 0.25kg or 8oz)

2 eggs

4oz flour

Liquidise or use a food processor to blend the liver and eggs together.

Stir in the flour.

Put into a lined baking tin and cook in a moderate oven (180°C, 350°F or gas mark 4) for about 20-25 minutes.

Cut up into small cubes to use, keep in the fridge and it freezes well.

You can also use a tin of tuna (in oil, not brine) instead of the liver - cats like these ones too!

**Remember:**  
Always feed treats in moderation!
