

WAG WALK

Taking steps for rescue pets

Terms & Conditions 2025

- Wag Walk is a mass participation sponsorship event and a challenge event consisting of a walk around the Bath skyline which includes steep hills and uneven surfaces. By signing up to participate in the event you are confirming that you believe you and your party are physically able to complete the walk you select.
- Dogs must remain on leads during the walk and by signing up you are confirming responsibility for your dog/s.
- Only dogs who are comfortable walking on the lead for several hours and who are happy to be around people, children and other dogs take part.
- Please be advised that there may also be livestock on parts of the route.
- The handler is responsible for picking up after your dog/s (please bring poo bags with you) and ensuring you keep your dog/s hydrated. There will be water stops on route, however we recommend you bring your own bowl and water also.
- The 5-mile route contains steep hills and small stiles to climb over. Therefore this route is suitable for dogs and people who feel physically fit and confident to walk the 5-miles. The 5-mile route can take up to three hours particularly if you stop for a drink or picnic.
- If you or your dog have a medical condition which could be affected by exercise, please obtain your vets and/or doctor's approval before participation. If you are unsure of whether you and/or your dog are medically fit to take part, please consult your doctor and/or vet.
- Animal welfare is a crucial part of this event and very close to all our hearts, so please ensure your dog is not only capable of taking part but will also enjoy their day with us.
